

Summer Middle School Camps 2019

Held at **SciCore Academy**, 125 Railroad Ave., Hightstown, NJ,
Tel: 609-448-8950; Fax: 609-448-8952; atpoulos@scicore.org

SciCore Academy is offering eight "hands-on" middle school camps during the summer of 2019. Enjoy the results of our many years experience delivering quality science, math and English camps. Now head for the lab! Hours: **9 am - 3 pm**, Mon. - Fri. Fees: typically **\$310 per week; \$250 for Chess camp; and, \$350 per week for Adventure Camp**

Adventure Camp, Grades 4-8, June 24—July 5 This is for all of the hikers and nature lovers out there. Children will be able to unplug from cramped, in-doors activities and discover a passion for the outdoors. Students must be able to walk 2-5 miles and wear sturdy shoes, a hat, and sunscreen. A backpack is recommended to keep their hands free for balance. Transportation to the hiking sites will be provided. (\$350/week) - Return times vary.

Chess, Grades 1-8 July 1, 2, 3, 5. Supervised by award-winning master chess tutor, Sindhu Mundayat, this camp will provide your child with unique exercises and much opportunity to play against ability peers. If your child has the chess bug already or would like to learn, this camp will be a great experience. (\$250)

Astronomy & Optics, July 8-12. Our understanding of stars, galaxies, planets, and astronomical phenomena has grown tremendously in the past decade due to advanced probes and telescopes. This course is an opportunity for an in-depth look at astronomy and the techniques used to probe celestial bodies, presented by an outstanding teacher with a master in astrophysics. Astronomy laboratories will be done in groups in order to promote teamwork. (\$310)

Robotics and Electronics, July 15-19 Welcome to the exciting world of programming and robotics. Students will be introduced to the basics of programming using scratch coding and mblock. They will also learn how to program and make their own simple animations and apply that to program their first robot. Kids will be able to come up with ideas for projects to use with breadboards, LEDs, resistors, capacitors, diodes, and even Arduino! (\$310/week)

Middle School Math, Grades 5-8, July 22– 26. In the SciCore middle school math camp, students will be given instruction and mentorship to improve upon their current knowledge of mathematics and identify any mathematical concepts that the students need help in understanding. We evaluate each math student to find areas where fundamentals need to be re-taught or reinforced. Beyond teaching fundamentals, interesting math "investigations" and applications will help students obtain a solid grasp in key areas of pre-Algebra, Algebra, and Geometry.(\$310/week)

Middle School English, Grades 5-8 July 29 - Aug 2. In this English camp, students will dramatically improve their writing skills, armed with the tools of good grammar, correct usage, and proper format. Students will ultimately craft high quality essays. Units on reading comprehension will survey classic literature and a variety of genres. (\$310/week)

Arts and Crafts, Ages 7– 12, August 5-9. Give your child a week of fun and creativity! Your children will be able to relax at this non-academic camp where they will be able to work on various easy, creative projects as well as learn about art from different time periods. They will use paint to try and emulate the different styles from these periods and also use other mediums such as clay, recycled materials, soap for soap sculpting, and many more fun activities. You will be amazed by your child's artistic abilities! (\$310/week)

Board Game Camp, Grades 5+ August 12- 16. Learn and play board games, a hot new trend sweeping the nation! This is a great opportunity for youngsters to unplug in this fun filled camp. Children will learn an array of games including Settlers of Catan, Mission Red Planet, Chess, Codenames, Risk, Monopoly, and a host of other great games. Students will also work on designing their own card or board game. You can bring your favorite game and share it with other players! (\$310)

SciCore Academy summer camps are held at 125 Railroad Ave., Suites 3 - 5, Old York Commons, Hightstown, NJ . Tel: 609-448-8950 Fax: 609-448-8952 Web: www.scicore.org Email: atpoulos@scicore.org
